

ACCESSING YOUR CPE CREDITS

Your CPE credits will now appear automatically in your profile as soon as they are available. Previously, completing assessments was required, but that is no longer necessary.

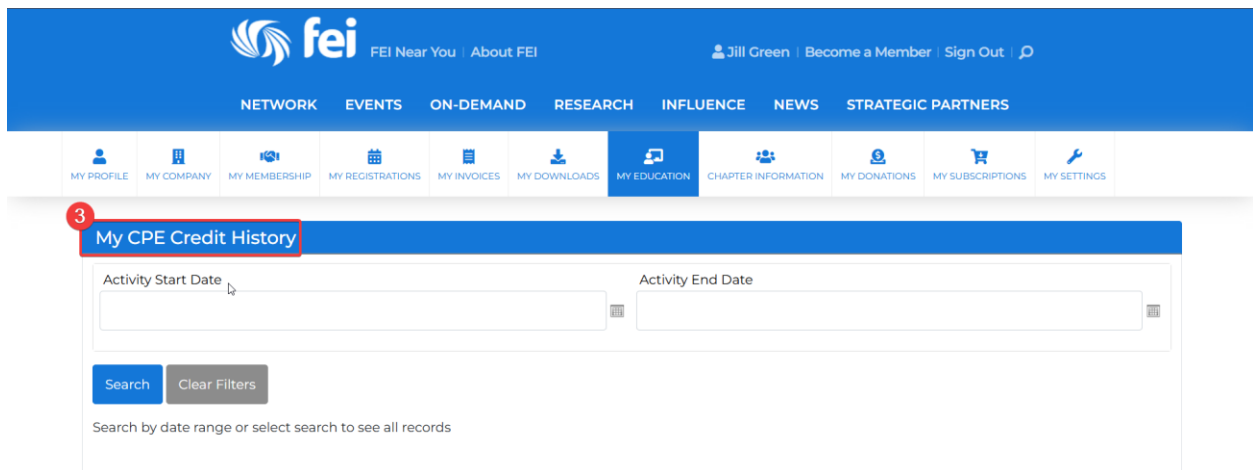

1. Sign in to the FEI website using your current username.
Click on your name located at the top right next to “Become a Member.”

2. Go to the “My Education” tab.

3. Your credits and certificates will appear under “My CPE Credit History”, and you can filter the results using the date search feature.

Note: If you have not completed assessments for any events prior to our 2025-2026 chapter year, your credits likely will not show. These are still available, but you will need to email cpe@financialexecutives.org to obtain them.
